re: Yorkshire Towers Co. LP, *et al.*, v. Federal Transit
Administration, *et al.*, No. 10 Civ. 8973 (TPG)

Your Honor:

Defendants Metropolitan Transportation Authority (MTA) and Metropolitan Transportation Authority Capital Construction Company (MTACC) request an additional extension of time to February 23, 2011, to answer or move to dismiss the complaint which seeks relief under the federal Freedom of Information Act and the New York State Freedom of Information Law. On January 6, 2011, the Court approved the request of MTA and MTACC for a 30-day adjournment of their time to respond to January 24, 2011, to which plaintiffs had consented. The federal government defendants' request for an extension of time to respond to February 2, 2011 was approved earlier by the Court.

The plaintiffs and MTA have been in discussions regarding the production of documents, and plaintiffs have consented to a further extension to February 23, 2011, to allow for further release of documents and further discussions. The terms of this further extension would be the same as set forth in the previously filed stipulation between the parties. This extension will not affect any other scheduled dates.

Respectfully submitted,
